# **Chairman's Comments**

Chairman and Chief Executive Officer, Ronald J. Kruszewski, commented, "Our quarter over quarter results were diminished particularly for our Private Client Group and Equity Capital Markets segments, as a result of the continued industry-wide difficult market conditions for corporate investment banking and reduced valuations of customers' assets offset by excellent performances by our Fixed Income Capital Markets and Stifel Bank segments. Additionally, overhead costs across all segments increased as we took advantage of hiring opportunities resulting from market displacements. Since the beginning of 2008, we have increased our number of Financial Advisors and branch offices by hiring 363 Financial Advisors and opening 55 branches. In addition, we have added 134 revenue producing investment bankers, traders, institutional sales staff, and mortgage bankers along with 300 branch and home office support staff. This is an investment in our future and I am confident that our growth will position us to take advantage of the opportunities that lie ahead."
