- (1) All share and per share information has been retroactively adjusted to reflect the December 2020 three-for-two stock split.
- (2) Please refer to the GAAP to Core Reconciliation for a reconciliation of the Company's GAAP results to these non-GAAP measures.
- (3) Book value per common share represents shareholders' equity (excluding preferred stock) divided by period end common shares outstanding. Tangible book value per share represents tangible common shareholders' equity (defined below) divided by period end common shares outstanding.
- (4) Annualized return on average common shareholders' equity ("ROE") is calculated by dividing annualized net income applicable to common shareholders by average common shareholders' equity or, in the case of non-GAAP ROE, calculated by dividing non-GAAP net income applicable to commons shareholders by average common shareholders' equity.
- Annualized return on average tangible common shareholders' equity ("ROTE") is calculated by dividing annualized net income applicable to common shareholders by average tangible shareholders' equity or, in the case of non-GAAP ROTE, calculated by dividing non-GAAP net income applicable to common shareholders by average tangible shareholders' equity. Tangible common shareholders' equity equals total common shareholders' equity less goodwill and identifiable intangible assets and the deferred taxes on goodwill and intangible assets. Average deferred taxes on goodwill and intangible assets. Average deferred taxes on goodwill and an annualized net income applicable to common shareholders by average tangible shareholders' equity. Tangible common shareholders' equity less goodwill and identifiable intangible assets and the deferred taxes on goodwill and intangible assets. Average deferred taxes on goodwill and intangible assets.
- (6) Regulatory capital amounts and ratios are estimates at the time of the Company's earnings release on July 28, 2021.
- (7) Includes capital raising and advisory fee revenues.
- (8) Includes client margin balances held by the Company's broker-dealer subsidiaries and securities-based loans held at the Company's bank subsidiaries.
- (9) Includes Private Client Group and Trust Business
- (10) Includes fund networking fees, retirement fees, transaction/handling fees, and ACAT fees.
- (11) Asset management assets managed in Private Client Group or Trust accounts.
- (12) Return on assets (ROA) is calculated based on prior period-end balances for Private Client Group, period-end balances for Asset Management, and average quarterly balances for Individual Program Banks.
- (13) Includes net interest, asset management and service fees, and other income.
- (14) Primarily related to charges attributable to integration-related activities, signing bonuses, amortization of restricted stock awards and promissory notes issued as retention, and amortization of intangible assets acquired. These costs were directly related to acquisitions of certain businesses and are not representative of the costs of running the Company's on-going business.

#### Forward-Looking Statements

This presentation may contain "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995 that involve significant risks, assumptions, and uncertainties, including statements relating to the market opportunity and future business prospects of Stifel Financial Corp., as well as Stifel, Nicolaus & Company, Incorporated and its subsidiaries (collectively, "SF" or the "Company"). These statements can be identified by the use of the words "may," "will," "should," "could," "would," "plan," "potential," "estimate," "project," "believe," "intend," "anticipate," "expect," and similar expressions.

All statements not dealing with historical results are forward-looking and are based on various assumptions. The forward-looking statements are subject to risks and uncertainties that could cause actual results to differ materially from those expressed in or implied by the statements. For information about the risks and important factors that could affect the Company's future results, financial condition and liquidity, see "Risk Factors" in Part I of the Company's Annual Report on Form 10-K for the year ended December 31, 2020. Forward-looking statements speak only as to the date they are made. The Company disclaims any intent or obligation to update forward-looking statements to reflect circumstances or events that occur after the date the forward-looking statements are made.

Statements about the effects of the COVID-19 pandemic on the Company's business, results, financial position and liquidity may constitute forward-looking statements and are subject to the risk that the actual impact may differ, possibly materially, from what is currently expected.

#### Use of Non-GAAP Financial Measures

The Company utilized certain non-GAAP calculations as additional measures to aid in understanding and analyzing the Company's financial results for the three and six months ended June 30, 2021. Specifically, the Company believes that the non-GAAP measures provide useful information by excluding certain items that may not be indicative of the Company's core operating results and business outlook. The Company believes that these non-GAAP measures will allow for a better evaluation of the operating performance of the business and facilitate a meaningful comparison of the Company's results in the current period to those in prior and future periods. Reference to these non-GAAP measures should not be considered as a substitute for results that are presented in a manner consistent with GAAP. These non-GAAP measures are provided to enhance investors' overall understanding of the Company's current financial performance. The non-GAAP financial information should be considered in addition to, not as a substitute for or as being superior to, operating income, cash flows, or other measures of financial performance prepared in accordance with GAAP. These non-GAAP measures primarily exclude expenses which management believes are, in some instances, non-recurring and not representative of ongoing business.

A limitation of utilizing these non-GAAP measures is that the GAAP accounting effects of these charges do, in fact, reflect the underlying financial results of the Company's business and these effects should not be ignored in evaluating and analyzing its financial results. Therefore, the Company believes that GAAP measures and the same respective non-GAAP measures of the Company's financial performance should be considered together.
