THE COMPANY

We are the largest independent publicly traded factory-built housing company in the United States and western Canada with pro forma net sales in fiscal 2018 of \$1.3 billion. We have more than 65 years of homebuilding experience, 6,800 employees and 36 manufacturing facilities throughout the United States and western Canada, and offer a leading portfolio of manufactured and modular homes, park model RVs and modular buildings for the multi-family, hospitality, senior and workforce housing sectors.

In addition to our core home building business, we operate a factory-direct retail business, Titan Factory Direct, with 21 retail locations spanning the southern United States, and Star Fleet Trucking, providing transportation services to the manufactured housing and other industries from ten dispatch locations across the United States.

We build homes under some of the most well know brand names in the factory-built housing industry including Skyline Homes, Champion Home, Athens Park Model RVs, Dutch Housing, Excel Homes, Homes of Merit, New Era, Redman Homes, Shore Park, Silvercrest, Titan Homes in the United States and Moduline and SRI Homes in western Canada.

Products and Services

We design, produce, market, and transport a range of manufactured and modular homes, park model RVs, and commercial solutions. We believe the broad scope of our product and service offerings provide us advantages relative to other factory-built construction companies.

Factory-Built Housing

A majority of our manufactured products are constructed in accordance with the HUD code. We produce a broad range of manufactured and modular homes under a variety of brand names and in a variety of floor plans and price ranges. While most of the homes we build are single-family, multi-section, ranch-style homes, we also build two-story, single-section, and Cape Cod style homes as well as multi-family units such as town homes, apartments, duplexes, and triplexes. The single-family homes that we manufacture generally range in size from 400 to 4,000 square feet and typically include two to four bedrooms, a living room or family room, a dining room, a kitchen and typically two full bathrooms. We also build park model RVs for resorts and campgrounds and commercial modular structures, including hotels, student and workforce housing.

We regularly introduce homes with new floor plans, exterior designs and elevations, decors and features. Our corporate marketing and engineering departments work with our manufacturing facilities to design homes

Table of Contents

that appeal to consumers' changing tastes at appropriate price points for its markets. We design and build homes with a traditional residential or site-built appearance through the use of, among other features, dormers and higher pitched roofs. We also design and build energy efficient homes, and several of our U.S. manufacturing facilities are qualified to produce "Energy Star®" rated homes.

We construct homes in indoor facilities using an assembly-line process employing approximately 100 to 200 production employees at each facility. Factory-built homes are constructed in one or more sections (also known as floors) on an affixed steel support frame that allows the sections to be moved through the assembly line and transported upon sale. The sections of many of the modular homes we produce are built on wooden floor systems and transported on carriers that are removed upon placement of the home at the home site. Each section or floor is assembled in stages, beginning with the construction of the frame and the floor, then adding the walls, ceiling and roof assembly, and other constructed and purchased components, and ending with a final quality control inspection. The efficiency of the assembly-line process, protection from the weather, and favorable pricing of materials resulting from our substantial purchasing power enables us to produce homes more quickly and often at a lower cost than a conventional site-built home of similar quality.

Retail

We offer a wide selection of manufactured and modular homes as well as park model RVs at company-owned retail locations across Texas and the Southeast marketed under the Titan brand. We maintain company-owned retail presence through 21 retail sales centers in Florida, Georgia, Louisiana, North Carolina, Oklahoma, Texas, and Virginia. We have benefited from the strategic expansion of our captive distribution to enhance the reach of our factory-built housing products directly to the homebuyer.

Each of our full-service retail sales centers has a sales office and a variety of display model homes of various sizes, floor plans, features, and prices that are displayed in a residential setting with sidewalks and landscaping. Customers may purchase a home from an inventory of homes maintained at the location, including a model home, or may order a home that will be built at a manufacturing facility. The collective benefits of our retail organization provide industry leadership with the expertise to be proactive to local economic conditions and ultimately provide affordable homes to value-conscious homebuyers.

Logistics

We operate a logistics business, Star Fleet, specializing in the transportation of manufactured homes and recreational vehicles from manufacturing facilities to retailers. Star Fleet's delivery logistics are coordinated through ten dispatch terminals located in Colorado, Indiana, Oklahoma, and Pennsylvania. Star Fleet has strong relationships with its customer base, which consists of some of the largest manufactured housing companies (including our own factory-built housing products) and related product manufacturers in the United States.

Our Competitive Strengths***Leading Positions Across Geographies***

We believe that we maintain the following leading positions in the factory-built housing industry in the United States and western Canada based on units produced in 2017:

- Number two position in the manufactured housing market segment in the United States
- Top three position in most major U.S. regional markets
- A leading position in western Canada

[Table of Contents](#)

We believe that our leading positions are driven by our comprehensive product offering, strong brand reputation, broad manufacturing footprint, and our complementary retail and logistics businesses. Our market segment share in the United States manufactured housing market segment has increased from 8% in the beginning of 2011 to 17% in 2017 based on total number of units produced.

Strategic Manufacturing Footprint

We currently operate 36 manufacturing facilities, located in 17 states and three provinces across the United States and western Canada. Our facilities are strategically located to serve the fastest-growing markets in the United States and western Canada. We operate 12 manufacturing facilities in the top 10 states for total number of manufactured home shipments in 2017 as well as nine manufacturing facilities in the top 10 fastest growing states for manufactured home shipments over the last ten years.

We have a proven ability to distribute orders efficiently across our manufacturing footprint based on market demand, workforce availability, and our surrounding distribution capabilities. We are standardizing our manufacturing processes and employing metrics-driven accountability measures across all of our facilities. We also believe we have a scalable plant network including seven idle manufacturing plants to support future growth in the factory-built housing market segment.

Comprehensive, High Quality Product Offering With Leading Brands

We design and build a range of manufactured and modular homes, park models, and commercial structures. We believe that the high quality and broad scope of our product and service offerings provide us a competitive advantage relative to other factory-built and certain site-built homes. With our strong and award winning product designs, we seek to meet the needs of our localized customers, while also providing them with customizable options. Our leading brands are marketed and distributed through a network of independent and company-owned retailers, planned community operators, government agencies, and commercial developers.

Scalable Platform for Future Growth

We believe that we have the second largest position in the United States manufactured housing market segment based on units produced in 2017 with opportunities for future growth. We intend to capitalize on favorable demand drivers and demographic trends, underutilized capacity within our manufacturing plant footprint, a pipeline of operational initiatives, product expansion, and plant and retail sales center acquisition opportunities to support our future growth initiatives. The manufactured housing industry, which currently represents less than 10% of total home starts, is expected to grow faster than the broader single-family housing market segment, and we believe we are well positioned to benefit from that industry dynamic. We currently maintain seven idled manufacturing plants, which provide us with the ability to meet increased demand. We believe that our national scale and competitive advantages also enable us to capture market segment share from competitors and make selective value enhancing acquisitions. We have a proven track-record of executing and integrating acquisitions and plant openings having successfully completed two acquisitions and three openings of idle facilities over the last five years.

Experienced Management Team

Our management team has significant industry and operational experience, with strong leadership from Keith Anderson who became CEO of Champion Holdings in 2015. Mr. Anderson has extensive knowledge of manufactured housing, having also previously served as Executive Vice President of Walter Investment and President and CEO of Green Tree Servicing. Mr. Anderson is supported by our CFO, Laurie Hough, who joined Champion Holdings in 2010 and our Executive Vice President, Mark Yost, who joined Champion Holdings in

Table of Contents

2013, with extensive experience in operations and financial management. Since 2015 through the completion of the Exchange, our management team has grown Champion Holdings' revenue and increased its profitability. Key strategies used for improvement included close evaluation of pricing and costs, the replacement of certain custom products with standardized offerings, and the expansion of our footprint through acquisitions as well as the build out of new plants.

Our Strategy

We intend to continue to pursue opportunities to profitably grow our revenue at a rate in excess of the broader single-family housing market segment in the United States, as well as improve our operating margins by executing on the following strategic initiatives.

Capitalize on Favorable Manufactured Housing Demand Drivers

There have been a number of recent favorable demographic trends and demand drivers in the United States and western Canada, including underlying growth trends in key homebuyer groups, such as the population over 65 years of age, the population of first-time home buyers and the population of households earning less than \$50,000 per year. We intend to capitalize on these trends and drivers to grow our business. We believe that there is an opportunity for continued manufactured and modular construction market segment expansion driven by the foregoing trends and demand drivers, as well as construction labor shortages in certain regions (which tend to adversely and disproportionately impact supply and cost of site-built homes when compared to manufactured housing) and increased affordability of factory-built homes relative to site-built homes. We will seek to capture additional demand from manufactured housing communities that increase spending on expansion and development projects. In addition, if financing availability continues to improve and related regulation continues to ease, we believe that there will be an increase in the number of prospective customers who qualify for home loans for manufactured and modular homes. Finally, as one of only a limited number of manufactured homebuilders who have been approved for contracts with FEMA, we believe that we are well positioned to capture additional demand from housing assistance requirements following natural disasters and other housing emergencies.

Expand Sales in Existing, Adjacent and New Geographies and Segments

We have a track record of sales growth and have demonstrated our ability to broaden our manufacturing and retail presence through the successful execution of a balanced organic growth and acquisition-based strategy. We are focused on meeting increasing demand by using additional capacity within our existing operating footprint by opening idle plants, and by expanding existing plants in selected geographies. We have continued to grow our distribution through community relationships and expanded retail operations. We have also continued to develop partnerships with manufactured housing finance market participants to further accelerate our revenue growth opportunities. We intend to continue to expand our commercial platform, having recently pioneered large-scale commercial construction projects. For example, in the hospitality sector we have increased our commercial construction visibility working with a leading global hospitality brand. We also intend to explore opportunities to acquire additional retail locations, plants, and factory-built housing competitors to supplement our organic growth initiatives.

Continue to Implement Operational Initiatives to Further Enhance Margins

We have been able to expand our operating margins over time as a result of increased volume, reduction of our material cost structure, and company-wide efforts focused on standardization and simplification of our

[Table of Contents](#)

operations. We are currently focused on a number of ongoing operational initiatives to further enhance our operating margins, including:

- executing on integration synergies related to identified procurement, operational and labor cost saving opportunities as well as streamlining overlapping functions;
- continuing to refine product offerings through product standardization;
- enhancing product value to the customer through material substitution and improved design; and
- focusing on operational excellence and production efficiency through further simplification of our manufacturing process.

Among other initiatives, we plan to further develop our modular platform, expand our commercial product lines, standardize our engineering and design platform, and better leverage our fixed costs from underutilized plants by routing additional demand to plants with excess capacity.

Expand and Maintain Quality Products through Innovation and Development

We plan to continue to innovate our home designs and home products to meet the needs of existing and new customers. We have received a number of awards from the Manufactured Housing Institute, the National Association of Home Builders, and others for our leadership in manufactured and modular home designs, craftsmanship and quality. We maintain an active dialogue with residential and commercial developers to identify demand trends and anticipate the needs of prospective homeowners. We also plan to continue to work closely with our suppliers to pilot new products, such as in-home smart technologies and luxury interior finishes.

Recent Developments

Our follow-on public offerings trigger significant non-cash equity compensation expense

In connection with the Exchange, officers, management employees and certain members of the Champion Holdings' Board of Managers received restricted shares of Skyline Champion common stock that were subject to certain market, performance and time-vesting conditions in exchange for units of Champion Holdings previously issued to them under an equity-classified management incentive plan. As a result of our follow-on offering that closed in August 2018, a vesting of the majority of the outstanding time-vesting restricted shares was accelerated and a portion of the performance-vesting restricted shares vested. In addition, the remainder of the outstanding, unvested performance-vesting restricted shares are expected to vest in connection with this offering. As a result of the vesting of these shares, we expect to record non-cash compensation expense during the second quarter of fiscal 2019 of at least \$75 million.

Following this offering, approximately 290,000 time-vesting restricted shares will remain outstanding and will vest in equal proportions on the first and second anniversary of the closing of the August 2018 offering, subject to the terms of the management incentive plan and such awards. We expect to record further non-cash equity compensation expense amounts over the vesting service period for these awards.

Our short-term financial results may be impacted by recent storm-related activity in the United States

Our short-term financial results may be adversely impacted by the recent storm-related activity in the United States. We operate manufacturing facilities in North Carolina, Tennessee, Pennsylvania and Kentucky which have all been impacted by recent storm activity and rainfall. The North Carolina manufacturing facility is currently expected to lose a portion of its monthly production due to the storm activity. In addition, all east coast facilities will be impacted by rainfall and other adverse weather conditions impacting the ability to ship and set

Table of Contents

houses, which is expected to temporarily delay the timing of our revenue recognition for existing sales transactions. In addition, such adverse weather conditions may damage inventory and temporarily reduce availability of materials.

[Table of Contents](#)**RISK FACTORS**

Investment in our securities involves a high degree of risk. For a discussion of the cautionary information you should carefully consider before deciding to purchase any of our securities, please review the risk factors included in the documents incorporated by reference in this prospectus supplement and the accompanying prospectus, including the risks that are described in the risk factors included in our Quarterly Report on Form 10-Q for the quarterly period ended June 30, 2018 that was filed with the SEC on August 9, 2018, as well as other documents that we file with the SEC that are incorporated by reference. Each of these risk factors, as well as any additional risks and uncertainties not known to us or currently deemed immaterial, could adversely affect our business, operating results and financial condition, as well as adversely affect the value of an investment in our securities. In that event, the trading price of our common stock could decline, and you could lose all or part of your investment.

Risks Relating to our Common Stock and this Offering

Our stock price could fluctuate significantly, which could cause the value of your investment to decline, and you may not be able to resell your shares at or above the price you paid for them.

Securities markets worldwide have experienced, and may continue to experience, significant price and volume fluctuations. This market volatility, as well as general economic, market or political conditions or events, could reduce the market price of our common stock regardless of our operating performance. The trading price of our common stock is likely to be volatile and subject to wide price fluctuations in response to various factors, including:

- market conditions in the broader stock market;
- regulatory or political developments;
- actual or anticipated fluctuations in our quarterly financial and operating results;
- introduction of new products or services by us or our competitors;
- issuance of new or changed securities analysts' reports or recommendations;
- sales, or anticipated sales, of large blocks of our stock;
- additions or departures of key personnel;
- litigation and governmental investigations; and
- changing economic conditions.

These and other factors may cause the market price and demand for our common stock to fluctuate substantially, which may limit or prevent investors from readily selling their shares of common stock and may otherwise negatively affect the liquidity of our common stock. In addition, in the past, when the market price of a stock has been volatile, holders of that stock have sometimes instituted securities class action litigation against the company that issued the stock. If any of our shareholders brought a lawsuit against us, we could incur substantial costs defending the lawsuit. Such a lawsuit could also divert the time and attention of our management from our business, which could significantly harm our profitability and reputation.

The Principal Shareholders will continue to have significant influence over us after this offering and their interests may conflict with yours and ours.

We are controlled by the Principal Shareholders, which currently own approximately 55.6% of our common stock and will own approximately 38.4% of our common stock following the completion of this offering (or 35.8% if the underwriters exercise in full their option to purchase additional shares from the selling shareholders), based on the 56,511,252 shares of our common stock outstanding as of September 18, 2018.

Table of Contents

Although we will no longer be a controlled company following the completion of this offering, the Principal Shareholders will continue to be able to strongly influence or effectively control corporate actions requiring shareholder approval, irrespective of how our other shareholders may vote, including the election and removal of directors and the size of our board of directors, any amendment of our certificate of incorporation or bylaws, or the approval of any merger or other significant corporate transaction, including a sale of substantially all of our assets.

Additionally, the Principal Shareholders' interests may not align with the interests of our other shareholders. The Principal Shareholders are in the business of making investments in companies and may acquire and hold interests in businesses that compete directly or indirectly with us. Each Principal Shareholder may also pursue acquisition opportunities that may be complementary to our business, and, as a result, those acquisition opportunities may not be available to us.

Certain of our directors have relationships with the Principal Shareholders, which may cause conflicts of interest with respect to our business.

As of the date of this prospectus supplement, three of our eight directors are affiliated with a Principal Shareholder. Our Principal Shareholder-affiliated directors have fiduciary duties to us and, in addition, have duties to their respective funds. As a result, these directors may face real or apparent conflicts of interest with respect to matters affecting both us and their funds, whose interests may be adverse to ours in some circumstances.

Upon completion of this offering, we will no longer be a "controlled company" within the meaning of the corporate governance standards of the NYSE. However, we will continue to qualify for, and may rely on, exemptions from certain corporate governance requirements that would otherwise provide protection to our shareholders during a one-year transition period.

Following the completion of this offering, the Principal Shareholders will no longer control a majority of the voting power of our common stock. As a result, we will no longer be a "controlled company" within the meaning of the NYSE corporate governance standards.

Consequently, the NYSE rules will require that we (i) have a majority of independent directors on our board of directors within one year of the date we no longer qualify as a "controlled company"; (ii) (A) have at least one independent director on each of the compensation and nominating and corporate governance committees on the date we no longer qualify as a "controlled company," (B) have at least a majority of independent directors on each of the compensation and nominating and corporate governance committees within 90 days of such date and (C) have compensation and nominating and corporate governance committees composed entirely of independent directors within one year of such date; and (iii) perform an annual performance evaluation of the compensation and nominating and corporate governance committees.

During this transition period, we will continue to qualify for and may continue to utilize the available exemptions from certain corporate governance requirements as permitted by NYSE rules. Accordingly, during the transition period, you may not have the same protections afforded to shareholders of companies that are subject to all of the NYSE corporate governance requirements, which could make our common stock less attractive to some investors or otherwise harm our stock price.

Anti-takeover provisions in our Amended and Restated Certificate of Incorporation and Amended and Restated By-Laws could prohibit a change of control that our shareholders may favor and could negatively affect our stock price.

In addition to the Principal Shareholders' beneficial ownership of a substantial percentage of our common stock, our Amended and Restated Certificate of Incorporation and Amended and Restated By-Laws contain

[Table of Contents](#)

provisions that could make it more difficult and expensive for a third party to acquire control of us, even if a change of control would be beneficial to the interests of our shareholders. These provisions could discourage potential takeover attempts and could adversely affect the market price of our common stock. These provisions may also prevent or frustrate attempts by our shareholders to replace or remove our management. For example, our Amended and Restated Certificate of Incorporation and Amended and Restated By-Laws:

- permit our board of directors to issue preferred stock with such terms as they determine, without shareholder approval;
- require advance notice for shareholder proposals and director nominations; and
- contain limitations on convening shareholder meetings and shareholder action by written consent.

These provisions make it more difficult for shareholders or potential acquirers to acquire us without negotiation and could discourage potential takeover attempts and could adversely affect the market price of our common stock.

If a substantial number of shares become are sold in a short period of time, the market price of our common stock could decline, which could impede our ability to raise additional capital through the issuance of additional shares of our common stock or other equity securities.

As of September 18, 2018, there were 56,511,252 shares of our common stock outstanding. Of our issued and outstanding shares, all the common stock sold in this offering will be freely transferable, except for any shares held by our “affiliates,” as that term is defined in Rule 144 under the Securities Act. In addition, our directors, executive officers and the selling shareholders have entered into a lock-up agreement with the underwriters which regulates their sales of our common stock for a period of 60 days after the date of this prospectus supplement, subject to certain exceptions. After these restrictions have elapsed, additional shares, some of which will be subject to vesting, will be eligible for sale in the public market. If our existing shareholders sell substantial amounts of our common stock in the public market following this offering, the market price of our common stock could decrease significantly. The perception in the public market that our existing shareholders might sell shares of common stock could also depress the market price of our common stock.

In addition, we have reserved 332,000 shares of common stock for issuance under our equity compensation plans. A decline in the price of shares of our common stock caused by the lapse of resale restrictions by our existing shareholders or the sale of common stock issued pursuant to our equity incentive plans might impede our ability to raise capital through the issuance of additional shares of our common stock or other equity securities.

If securities or industry analysts do not publish research or reports about our business, if they adversely change their recommendations regarding our stock or if our results of operations do not meet their expectations, then our stock price and trading volume could decline.

The trading market for our common stock will be influenced by the research and reports that industry or securities analysts publish about us or our business. If one or more of these analysts cease coverage of us or fail to publish reports on us regularly, we could lose visibility in the financial markets, which in turn could cause our stock price or trading volume to decline. Moreover, if one or more of the analysts who cover us downgrade our stock, or if our results of operations do not meet their expectations, then our stock price could decline.

We do not anticipate paying any cash dividends for the foreseeable future.

We currently intend to retain our future earnings, if any, for the foreseeable future, to fund the development and growth of our business. As a result, capital appreciation in the price of our common stock, if any, will be your only source of gain on an investment in our common stock.

Any future determination to pay dividends to shareholders will be at the sole discretion of our board of directors and will depend upon many factors, including general economic conditions, our financial condition and results of operations, our available cash and current and anticipated cash needs, capital requirements, contractual, legal, tax and regulatory restrictions, the implications of the payment of dividends by us to our shareholders or by our subsidiaries to us and any other factors that our board of directors may deem relevant. See “Dividend Policy.”

[Table of Contents](#)**MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS TO
NON-U.S. HOLDERS**

The following is a summary of the material U.S. federal income and estate tax considerations applicable to non-U.S. holders with respect to their ownership and disposition of shares of our common stock issued pursuant to this offering. All prospective non-U.S. holders of our common stock should consult their tax advisors with respect to the U.S. federal, state, local and non-U.S. tax consequences of the purchase, ownership and disposition of our common stock. For purposes of this discussion, a non-U.S. holder means a beneficial owner of our common stock (other than a partnership or an entity or arrangement treated as a partnership for U.S. federal income tax purposes) that is not, for U.S. federal income tax purposes:

- an individual who is a citizen or resident of the United States or any political subdivision thereof;
- a corporation, or an entity treated as a corporation for U.S. federal income tax purposes, created or organized in the United States or under the laws of the United States or of any state thereof or the District of Columbia;
- an estate, the income of which is subject to U.S. federal income tax regardless of its source; or
- a trust if (1) a U.S. court can exercise primary supervision over the trust's administration and one or more U.S. persons have the authority to control all of the trust's substantial decisions or (2) the trust has a valid election in effect under applicable U.S. Treasury Regulations to be treated as a U.S. person.

This discussion is based on current provisions of the U.S. Internal Revenue Code of 1986, as amended, which we refer to as the Code, existing U.S. Treasury Regulations promulgated thereunder, published administrative rulings and judicial decisions, all as in effect as of the date of this prospectus supplement. These laws are subject to change and to differing interpretation, possibly with retroactive effect. Any change or differing interpretation could alter the tax consequences to non-U.S. holders described in this prospectus.

We assume in this discussion that a non-U.S. holder holds shares of our common stock as a capital asset within the meaning of Section 1221 of the Code (generally, property held for investment). This discussion does not address all aspects of U.S. federal income and estate taxation that may be relevant to a particular non-U.S. holder in light of that non-U.S. holder's individual circumstances, nor does it address any aspects of U.S. state, local or non-U.S. taxes. This discussion also does not consider any specific facts or circumstances that may apply to a non-U.S. holder and does not address the special tax rules applicable to particular non-U.S. holders, such as corporations that accumulate earnings to avoid U.S. federal income tax, tax-exempt organizations, S corporations, regulated investment companies, banks, financial institutions, insurance companies, real estate investment trusts, pension plans, brokers, dealers or traders in securities, commodities or currencies, holders who have elected to mark securities to market, tax-qualified retirement plans, holders subject to the alternative minimum tax or the Medicare contribution tax, holders who hold or receive our common stock pursuant to the exercise of employee stock options or otherwise as compensation, holders holding our common stock as part of a hedge, straddle or other risk reduction strategy, conversion transaction, synthetic security or other integrated investment, holders deemed to sell our common stock under the constructive sale provisions of the Code, controlled foreign corporations, passive foreign investment companies and certain former U.S. citizens or long-term residents.

In addition, this discussion does not address the tax treatment of partnerships (or entities or arrangements that are treated as partnerships for U.S. federal income tax purposes) or persons that hold their common stock through such partnerships. If a partnership, including any entity or arrangement treated as a partnership for U.S. federal income tax purposes, holds shares of our common stock, the U.S. federal income tax treatment of a partner in such partnership will generally depend upon the status of the partner and the activities of the partnership. Such partners and partnerships should consult their tax advisors regarding the tax consequences of the purchase, ownership and disposition of our common stock.

[Table of Contents](#)

There can be no assurance that the Internal Revenue Service, which we refer to as the IRS, will not challenge one or more of the tax consequences described herein, and we have not obtained, nor do we intend to obtain, a ruling with respect to the U.S. federal income or estate tax consequences to a non-U.S. holder of the purchase, ownership or disposition of our common stock.

THIS DISCUSSION IS FOR GENERAL INFORMATION ONLY AND IS NOT INTENDED TO BE TAX ADVICE. NON-U.S. HOLDERS ARE URGED TO CONSULT THEIR TAX ADVISORS CONCERNING THE U.S. FEDERAL INCOME AND ESTATE TAXATION, STATE, LOCAL AND NON-U.S. TAXATION AND OTHER TAX CONSEQUENCES TO THEM OF THE PURCHASE, OWNERSHIP AND DISPOSITION OF OUR COMMON STOCK.

Distributions on Our Common Stock

Distributions, if any, on our common stock generally will constitute dividends for U.S. federal income tax purposes to the extent paid from our current or accumulated earnings and profits, as determined under U.S. federal income tax principles. If a distribution exceeds our current and accumulated earnings and profits, the excess will be treated as a tax-free return of the non-U.S. holder's investment, up to such holder's adjusted tax basis in the common stock, but not below zero. Any remaining excess will be treated as capital gain from the sale or exchange of such common stock, subject to the tax treatment described below in "Gain on Sale, Exchange or Other Disposition of Our Common Stock." Distributions, if any, on our common stock generally will also be subject to the discussion below under the heading "FATCA."

Dividends paid to a non-U.S. holder will generally be subject to withholding of U.S. federal income tax at a 30% rate of the gross amount of the dividends, or such lower rate as may be specified by an applicable income tax treaty between the United States and such holder's country of residence.

Dividends that are treated as effectively connected with a trade or business conducted by a non-U.S. holder within the United States and, if an applicable income tax treaty so provides, that are attributable to a permanent establishment or a fixed base maintained by the non-U.S. holder within the United States, are generally exempt from the 30% withholding tax if the non-U.S. holder satisfies applicable certification and disclosure requirements. To claim the exemption, the non-U.S. holder must furnish to us or our paying agent a valid IRS Form W-8ECI (or successor form), certifying that the dividends are effectively connected with the non-U.S. holder's conduct of a trade or business within the United States. However, such U.S. effectively connected income, net of specified deductions and credits, is taxed at the same graduated U.S. federal income tax rates applicable to U.S. persons (as defined in the Code). Any U.S. effectively connected income received by a non-U.S. holder that is a corporation may also, under certain circumstances, be subject to an additional "branch profits tax" at a 30% rate or such lower rate as may be specified by an applicable income tax treaty between the United States and such holder's country of residence.

A non-U.S. holder of our common stock who claims the benefit of an applicable income tax treaty between the United States and such holder's country of residence generally will be required to provide a properly executed IRS Form W-8BEN or W-8BEN-E (or successor form) and satisfy applicable certification and other requirements. Non-U.S. holders are urged to consult their tax advisors regarding their entitlement to benefits under a relevant income tax treaty.

The certification requirement described above must be provided to us or the applicable withholding agent prior to the payment of dividends and may be required to be updated periodically. The certification also may require a non-U.S. holder that provides an IRS form or that claims treaty benefits to provide its U.S. taxpayer identification number. Special certification and other requirements apply in the case of certain non-U.S. holders that hold shares of our common stock through intermediaries or are pass-through entities for U.S. federal income tax purposes.

[Table of Contents](#)

A non-U.S. holder that is eligible for a reduced rate of U.S. withholding tax under an income tax treaty may obtain a refund or credit of any excess amounts withheld by timely filing an appropriate claim for refund with the IRS.

If at the time a distribution is made we are not able to determine whether or not it will be treated as a dividend for U.S. federal income tax purposes (as opposed to being treated as a return of capital or capital gain), we or a financial intermediary may withhold tax on all or a portion of such distribution at the rate applicable to dividends. However, a non-U.S. holder may obtain a refund of any excess withholding by timely filing an appropriate claim for refund with the IRS.

Gain on Sale, Exchange or Other Disposition of Our Common Stock

Subject to the discussion below regarding “Backup Withholding and Information Reporting” and “FATCA,” in general, a non-U.S. holder will not be subject to any U.S. federal income tax on any gain realized upon such holder’s sale, exchange or other disposition of shares of our common stock (including a redemption, but only if the redemption would be treated as a sale or exchange rather than as a distribution for U.S. federal income tax purposes) unless:

- the gain is effectively connected with a U.S. trade or business of the non-U.S. holder and, if an applicable income tax treaty so provides, is attributable to a permanent establishment or a fixed base maintained in the United States by such non-U.S. holder, in which case the non-U.S. holder generally will be taxed at the graduated U.S. federal income tax rates applicable to U.S. persons (as defined in the Code) and, if the non-U.S. holder is a foreign corporation, the branch profits tax described above in “Distributions on Our Common Stock” also may apply;
- the non-U.S. holder is a nonresident alien individual who is present in the United States for 183 days or more in the taxable year of the disposition and certain other conditions are met, in which case the non-U.S. holder will be subject to U.S. federal income tax at a rate of 30% (or such lower rate as may be specified by an applicable income tax treaty) on the net gain derived from the disposition, which may be offset by U.S. source capital losses of the non-U.S. holder, if any (even though the individual is not considered a resident of the United States), provided the non-U.S. holder has timely filed U.S. federal income tax returns with respect to such losses; or
- our common stock constitutes a U.S. real property interest because we are, or have been, at any time during the five-year period preceding such disposition (or the non-U.S. holder’s holding period, if shorter) a “U.S. real property holding corporation.” Generally, a corporation is a U.S. real property holding corporation only if the fair market value of its U.S. real property interests (as defined in the Code) equals or exceeds 50% of the sum of the fair market value of its worldwide real property interests plus its other assets used or held for use in a trade or business. Although there can be no assurance, we do not believe that we are, or have been, a U.S. real property holding corporation, or that we are likely to become one in the future. Even if we are or become a U.S. real property holding corporation, provided that our common stock is regularly traded on an established securities market (within the meaning of Section 897(c)(3) of the Code), our common stock will be treated as a U.S. real property interest only with respect to a non-U.S. holder that holds or is deemed to hold more than 5% of our outstanding common stock, (directly, indirectly, or constructively), during the shorter of the 5-year period ending on the date of the disposition or the period that the non-U.S. holder held our common stock. In such case, such non-U.S. holder generally will be taxed on its net gain derived from the disposition at the graduated U.S. federal income tax rates applicable to U.S. persons (as defined in the Code). No assurance can be provided that our common stock will continue to be regularly traded on an established securities market for purposes of the rules described above.

Backup Withholding and Information Reporting

We must report annually to the IRS and to each non-U.S. holder the gross amount of the dividends on our common stock paid to such holder and the tax withheld, if any, with respect to such dividends, regardless of

Table of Contents

whether withholding was required. Non-U.S. holders will have to comply with specific certification procedures to establish that the holder is not a U.S. person (as defined in the Code), or otherwise establish an exemption, in order to avoid backup withholding at the then applicable rate with respect to dividends on our common stock. Dividends paid to non-U.S. holders subject to the U.S. withholding tax, as described above in “Distributions on Our Common Stock,” generally will be exempt from U.S. backup withholding.

Information reporting and backup withholding will generally apply to the proceeds of a disposition of our common stock by a non-U.S. holder effected by or through the U.S. office of any broker, U.S. or foreign, unless the holder certifies its status as a non-U.S. holder and satisfies certain other requirements, or otherwise establishes an exemption. Generally, information reporting and backup withholding will not apply to a payment of disposition proceeds to a non-U.S. holder where the transaction is effected outside the United States through a non-U.S. office of a broker. However, for information reporting purposes, dispositions effected through a non-U.S. office of a broker with substantial U.S. ownership or operations generally will be treated in a manner similar to dispositions effected through a U.S. office of a broker. Non-U.S. holders should consult their tax advisors regarding the application of the information reporting and backup withholding rules to them.

Copies of information returns may be made available to the tax authorities of the country in which the non-U.S. holder resides or is incorporated under the provisions of a specific treaty or agreement.

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules from a payment to a non-U.S. holder may be allowed as a credit against the non-U.S. holder's U.S. federal income tax liability, if any, and may entitle such holder to a refund, provided that the required information is timely furnished to the IRS.

FATCA

Pursuant to Sections 1471 through 1474 of the Code (“FATCA”), we may be required to withhold U.S. federal tax at the rate of 30% on payments of dividends and, beginning on January 1, 2019, gross proceeds from a sale or other taxable disposition (including a retirement or redemption) of our common stock made to non-U.S. financial institutions and certain other non-U.S. nonfinancial entities (whether such financial institutions or nonfinancial entities are beneficial owners or intermediaries) unless they satisfy certain due diligence and information reporting requirements. An intergovernmental agreement between the United States and the non-U.S. holder's jurisdiction may modify these requirements. Prospective holders of the notes are encouraged to consult with their own tax advisors regarding the possible implications of this legislation on their investment in the notes.

U.S. Federal Estate Tax

Shares of our common stock that are owned or treated as owned at the time of death by an individual who is not a citizen or resident of the United States, as specifically defined for U.S. federal estate tax purposes, are considered U.S. assets and will be included in the individual's gross estate for U.S. federal estate tax purposes. Such shares, therefore, may be subject to U.S. federal estate tax, unless an applicable estate tax or other treaty provides otherwise.

EACH PROSPECTIVE INVESTOR SHOULD CONSULT ITS OWN TAX ADVISOR REGARDING THE PARTICULAR U.S. FEDERAL, STATE AND LOCAL AND NON-U.S. TAX CONSEQUENCES OF PURCHASING, HOLDING AND DISPOSING OF OUR COMMON STOCK, INCLUDING THE CONSEQUENCES OF ANY RECENTLY ENACTED CHANGES IN APPLICABLE LAWS.

UNDERWRITING

Under the terms and subject to the conditions contained in an underwriting agreement dated September 20, 2018, the selling shareholders have agreed to sell to the underwriters named below, for whom Credit Suisse Securities (USA) LLC, RBC Capital Markets, LLC and Jefferies LLC are acting as representatives the following respective numbers of shares of common stock:

<u>Underwriter</u>	<u>Number of Shares</u>
Credit Suisse Securities (USA) LLC	4,101,588
RBC Capital Markets, LLC	2,698,413
Jefferies LLC	1,295,238
Barclays Capital Inc.	533,333
Craig-Hallum Capital Group LLC	533,333
SunTrust Robinson Humphrey, Inc.	533,333
CJS Securities, Inc.	304,762
Total	<u>10,000,000</u>

The underwriting agreement provides that the underwriters are obligated, severally and not jointly, to purchase all the shares of common stock in the offering if any are purchased, other than those shares covered by the over-allotment option described below. The underwriting agreement also provides that if an underwriter defaults the purchase commitments of non-defaulting underwriters may be increased or the offering may be terminated.

We and the selling shareholders have agreed to indemnify the underwriters and certain of their controlling persons against certain liabilities, including liabilities under the Securities Act, and to contribute to payments that the underwriters may be required to make in respect of those liabilities.

The selling shareholders have granted to the underwriters a 30-day option to purchase on a pro rata basis up to 1,500,000 additional outstanding shares from the selling shareholders at the public offering price less the underwriting discounts and commissions.

The underwriters propose to offer the shares of common stock initially at the public offering price on the cover page of this prospectus supplement and to selling group members at that price less a selling concession of up to \$0.70 per share. After the public offering the representative may change the public offering price and concession and discount to broker/dealers.

The following table summarizes the public offering price, the underwriting discount that the selling shareholders will pay and proceeds before expenses to the selling shareholder:

	<u>Per Share</u>		<u>Total</u>	
	<u>Without Over-allotment</u>	<u>With Over-allotment</u>	<u>Without Over-allotment</u>	<u>With Over-allotment</u>
Public Offering Price	\$ 29.25	\$ 29.25	\$292,500,000	\$336,375,000
Underwriting discounts and commissions paid by selling shareholders	\$ 1.32	\$ 1.32	\$ 13,162,500	\$ 15,136,875
Proceeds, before expenses, to selling shareholders	\$ 27.93	\$ 27.93	\$279,337,500	\$321,238,125

The expenses of the offering, not including the underwriting discount, are estimated at \$300,000 and are payable by us. We have also agreed to reimburse the underwriters for up to \$27,500 of certain expenses related to this offering.

Table of Contents

We have agreed that we will not offer, sell, contract to sell, pledge or otherwise dispose of, directly or indirectly, or file with the SEC a registration statement under the Securities Act relating to, any shares of our common stock or securities convertible into or exchangeable or exercisable for any shares of our common stock, or publicly disclose the intention to make any offer, sale, pledge, disposition or filing, without the prior written consent of any two of Credit Suisse Securities (USA) LLC, RBC Capital Markets, LLC and Jefferies LLC for a period of 60 days after the date of this prospectus subject to certain exceptions.

Our officers and directors and the selling shareholders have agreed that they will not offer, sell, contract to sell, pledge or otherwise dispose of, directly or indirectly, any shares of our common stock or securities convertible into or exchangeable or exercisable for any shares of our common stock, enter into a transaction that would have the same effect, or enter into any swap, hedge or other arrangement that transfers, in whole or in part, any of the economic consequences of ownership of our common stock, whether any of these transactions are to be settled by delivery of our common stock or other securities, in cash or otherwise, or publicly disclose the intention to make any such offer, sale, pledge or disposition, or to enter into any such transaction, swap, hedge or other arrangement, without, in each case, the prior written consent of any two of Credit Suisse Securities (USA) LLC, RBC Capital Markets, LLC and Jefferies LLC for a period of 60 days after the date of this prospectus, subject to certain exceptions.

In connection with the offering the underwriters may engage in stabilizing transactions, over-allotment transactions, syndicate covering transactions and penalty bids in accordance with Regulation M under the Exchange Act (the "Exchange Act").

- Stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum.
- Over-allotment involves sales by the underwriters of shares in excess of the number of shares the underwriters are obligated to purchase, which creates a syndicate short position. The short position may be either a covered short position or a naked short position. In a covered short position, the number of shares over-allotted by the underwriters is not greater than the number of shares that they may purchase in the over-allotment option. In a naked short position, the number of shares involved is greater than the number of shares in the over-allotment option. The underwriters may close out any covered short position by either exercising their over-allotment option or purchasing shares in the open market.
- Syndicate covering transactions involve purchases of the common stock in the open market after the distribution has been completed in order to cover syndicate short positions. In determining the source of shares to close out the short position, the underwriters will consider, among other things, the price of shares available for purchase in the open market as compared to the price at which they may purchase shares through the over-allotment option. If the underwriters sell more shares than could be covered by the over-allotment option, a naked short position, the position can only be closed out by buying shares in the open market. A naked short position is more likely to be created if the underwriters are concerned that there could be downward pressure on the price of the shares in the open market after pricing that could adversely affect investors who purchase in the offering.
- Penalty bids permit the representatives to reclaim a selling concession from a syndicate member when the common stock originally sold by the syndicate member is purchased in a stabilizing transaction or a syndicate covering transaction to cover syndicate short positions.

These stabilizing transactions, syndicate covering transactions and penalty bids may have the effect of raising or maintaining the market price of our common stock or preventing or retarding a decline in the market price of the common stock. As a result the price of our common stock may be higher than the price that might otherwise exist in the open market. These transactions may be effected on the NYSE or otherwise, and, if commenced, may be discontinued at any time.

Selling Restrictions

European Economic Area

In relation to each member state of the European Economic Area, no offer of shares which are the subject of the offering has been, or will be made to the public in that Member State, other than under the following exemptions under the Prospectus Directive:

- (a) to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (b) to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive), subject to obtaining the prior consent of the representatives for any such offer; or
- (c) in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of shares referred to in (a) to (c) above shall result in a requirement for the Company or any representative to publish a prospectus pursuant to Article 3 of the Prospectus Directive, or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

Each person located in a Member State to whom any offer of ordinary shares is made or who receives any communication in respect of an offer of the shares, or who initially acquires any shares will be deemed to have represented, warranted, acknowledged and agreed to and with each representative and the Company that (1) it is a "qualified investor" within the meaning of the law in that Member State implementing Article 2(1)(e) of the Prospectus Directive; and (2) in the case of any shares acquired by it as a financial intermediary as that term is used in Article 3(2) of the Prospectus Directive, the shares acquired by it in the offer have not been acquired on behalf of, nor have they been acquired with a view to their offer or resale to, persons in any Member State other than qualified investors, as that term is defined in the Prospectus Directive, or in circumstances in which the prior consent of the representatives has been given to the offer or resale; or where the shares have been acquired by it on behalf of persons in any Member State other than qualified investors, the offer of those ordinary shares to it is not treated under the Prospectus Directive as having been made to such persons.

Table of Contents

The Company, the underwriter and its respective affiliates will rely upon the truth and accuracy of the foregoing representations, acknowledgments and agreements.

This prospectus supplement has been prepared on the basis that any offer of shares in any Member State will be made pursuant to an exemption under the Prospectus Directive from the requirement to publish a prospectus for offers of shares. Skyline Champion Corporation Overview

We are the largest independent publicly traded factory-built housing company in North America with pro forma net sales in fiscal year 2018 of \$1.3 billion. We have more than 65 years of homebuilding experience, 6,800 employees and 36 manufacturing facilities throughout the United States and western Canada, and offer a leading portfolio of manufactured and modular homes, park model RVs and modular buildings for the multi-family, hospitality, senior and workforce housing sectors.

In addition to our core home building business, we operate a factory-direct retail business, Titan Factory Direct, with 21 retail locations spanning the southern United States, and Star Fleet Trucking, providing transportation services to the manufactured housing and other industries from ten dispatch locations across the United States.

We build homes under some of the most well know brand names in the factory-built housing industry including Skyline Homes, Champion Homes, Athens Park Model RVs, Dutch Housing, Excel Homes, Homes of Merit, New Era, Redman Homes, Shore Park, Silvercrest, Titan Homes in the U.S. and Moduline and SRI Homes in western Canada.

Products and Services

We design, produce, market, and transport a range of manufactured and modular homes, park model RVs, and commercial solutions. We believe the broad scope of our product and service offerings provide us advantages relative to other factory-built construction companies.

Factory-Built Housing

A majority of our manufactured products are constructed in accordance with the HUD code. We produce a broad range of manufactured and modular homes under a variety of brand names and in a variety of floor plans and price ranges. While most of the homes we build are single-family, multi-section, ranch-style homes, we also build two-story, single-section, and Cape Cod style homes as well as multi-family units such as town homes, apartments, duplexes, and triplexes. The single-family homes that we manufacture generally range in size from 400 to 4,000 square feet and typically include two to four bedrooms, a living room and/or family room, a dining room, a kitchen and typically two full bathrooms. We also build park model RVs for resorts and campgrounds and commercial modular structures, including hotels, student and workforce housing.

Table of Contents

We regularly introduce homes with new floor plans, exterior designs and elevations, decors and features. Our corporate marketing and engineering departments work with our manufacturing facilities to design homes that appeal to consumers' changing tastes at appropriate price points for its markets. We design and build homes with a traditional residential or site-built appearance through the use of, among other features, dormers and higher pitched roofs. We also design and build energy efficient homes, and several of our U.S. manufacturing facilities are qualified to produce "Energy Star[®]" rated homes.

We construct homes in indoor facilities using an assembly-line process employing approximately 100 to 200 production employees at each facility. Factory-built homes are constructed in one or more sections (also known as floors) on an affixed steel support frame that allows the sections to be moved through the assembly line and transported upon sale. The sections of many of the modular homes we produce are built on wooden floor systems and transported on carriers that are removed upon placement of the home at the home site. Each section or floor is assembled in stages, beginning with the construction of the frame and the floor, then adding the walls, ceiling and roof assembly, and other constructed and purchased components, and ending with a final quality control inspection. The efficiency of the assembly-line process, protection from the weather, and favorable pricing of materials resulting from our substantial purchasing power enables us to produce homes more quickly and often at a lower cost than a conventional site-built home of similar quality.

Retail

We offer a wide selection of manufactured and modular homes as well as park model RVs at company-owned retail locations across Texas and the Southeast marketed under the Titan brand. We maintain company-owned retail presence through 21 retail sales centers in Florida, Georgia, Louisiana, North Carolina, Oklahoma, Texas, and Virginia. We have benefited from the strategic expansion of our captive distribution to enhance the reach of our factory-built housing products directly to the homebuyer.

Each of our full-service retail sales centers has a sales office and a variety of display model homes of various sizes, floor plans, features, and prices that are displayed in a residential setting with sidewalks and landscaping. Customers may purchase a home from an inventory of homes maintained at the location, including a model home, or may order a home that will be built at a manufacturing facility. The collective benefits of our retail organization provide industry leadership with the expertise to be proactive to local economic conditions and ultimately provide affordable homes to value-conscious homebuyers.

Logistics

We operate a logistics business, Star Fleet, specializing in the transportation of manufactured homes and recreational vehicles from manufacturing facilities to retailers. Star Fleet's delivery logistics are coordinated through ten dispatch terminals located in Colorado, Indiana, Oklahoma, and Pennsylvania. Star Fleet has strong relationships with its customer base, which consists of some of the largest manufactured housing companies (including our own factory-built housing products) and related product manufacturers in the United States.

[Table of Contents](#)**RISK FACTORS**

Investment in our common stock involves a high degree of risk. You should consider carefully the risk factors included in Exhibit 99.3 to our Current Report on Form 8-K, which was filed with the SEC on July 13, 2018, and in any Annual Report on Form 10-K or Quarterly Report on Form 10-Q filed subsequent hereto and other filings we make with the SEC from time to time, each of which is incorporated herein by reference in its entirety, as well as other information in or incorporated by reference in this prospectus and the “Risk Factors” section in the applicable prospectus supplement, before purchasing any of our securities. Each of these risk factors, as well as any additional risks and uncertainties not known to us or currently deemed immaterial, could adversely affect our business, operating results and financial condition, as well as adversely affect the value of an investment in our common stock. [Table of Contents](#)**DESCRIPTION OF CAPITAL STOCK**

The following is a description of the material terms of our Amended and Restated Certificate of Incorporation, Amended and Restated By-Laws and other rights of holders of our capital stock. We refer you to our Amended and Restated Certificate of Incorporation, Amended and Restated By-Laws, registration rights agreement and investor rights agreement, copies of which are incorporated by reference herein.

Our authorized capital stock consists of 115,000,000 shares of common stock, par value \$0.0277 per share, of which 56,188,252 shares of common stock are issued and outstanding as of June 30, 2018.

Common Stock

Holders of our common stock are entitled to the following rights.

Voting Rights

Each share of common stock entitles the holder to one vote for each share of common stock held with respect to any matter presented at a regular or special meeting of shareholders on which the holders of common stock are entitled to vote. Our shares of common stock vote as a single class and all shares of common stock have equal and identical rights, privileges, powers, obligations, restrictions and voting rights. Shareholders do not have cumulative voting rights with respect to the election of candidates to our Board of Directors.

A plurality vote shall be necessary to elect any director, and on all other matters, except as otherwise provided in our Amended and Restated Certificate of Incorporation or our Amended and Restated By-Laws or as required by law, the action or a question will be approved if the number of votes cast in favor of the action or question exceeds the number of votes cast opposing the action or question.

Dividend Rights

Holders of common stock will share equally on a per share basis in any dividend declared by our Board of Directors, subject to any statutory or contractual restrictions on the payment of dividends.

Liquidation Rights

In the event of any voluntary or involuntary liquidation, dissolution or winding up of our affairs, holders of our common stock would be entitled to share ratably in our assets that are legally available for distribution to shareholders after payment of liabilities.

Other Rights

Our shareholders have no subscription, redemption or conversion rights. Our common stock does not entitle its holders to pre-emptive rights for additional shares. All of the outstanding shares of our common stock are fully-paid and non-assessable.

Registration Rights

Funds affiliated with Bain Capital Credit, Centerbridge Partners, L.P., and MAK Capital (such funds, collectively, the "Sponsors") and Arthur Decio have certain registration rights with respect to our common stock.

Investor Rights Agreement

In connection with the Exchange, the Corporation, Champion Holdings, and the Sponsors entered into an investor rights agreement (the "Investor Rights Agreement") providing for, among other things, certain agreements between the parties to the agreement relating to the composition of the Board of Directors of Skyline Champion, and certain rights to information regarding Skyline Champion in favor of the Sponsors.

[Table of Contents](#)

Anti-takeover Provisions

Our Amended and Restated Certificate of Incorporation and Amended and Restated By-Laws contain provisions that delay, defer or discourage transactions involving an actual or potential change in control of us or change in our management. We expect that these provisions, which are summarized below, will discourage coercive takeover practices or inadequate takeover bids. These provisions are also designed to encourage persons seeking to acquire control of us to first negotiate with our Board of Directors, which we believe may result in an improvement of the terms of any such acquisition in favor of our shareholders. However, they also give our Board of Directors the power to discourage transactions that some shareholders may favor, including transactions in which shareholders might otherwise receive a premium for their shares or transactions that our shareholders might otherwise deem to be in their best interests. Accordingly, these provisions could adversely affect the price of our common stock.

No Cumulative Voting

The Indiana Business Corporation Law (the "IBCL") provides that shareholders are not entitled to the right to cumulate votes in the election of directors unless the articles of incorporation specifically authorizes cumulative voting. Our Amended and Restated Certificate of Incorporation does not authorize cumulative voting.

Requirements for Advance Notification of Shareholder Meetings, Nominations and Proposals

Our Amended and Restated By-Laws provide that special meetings of the shareholders may be called by the Chairman of our Board of Directors, the vice chairman of the Board of Directors, or by the Board of Directors.

Our Amended and Restated By-Laws establish advance notice procedures with respect to shareholder proposals and the nomination of candidates for election as directors, other than nominations made by or at the direction of our Board of Directors. In order for any matter to be properly brought before a meeting, a shareholder will have to comply with the advance notice requirements. Our Amended and Restated By-Laws allow our Board of Directors to adopt such rules and regulations for the conduct of the meetings as they may deem proper, which may have the effect of precluding the conduct of certain business at a meeting if the rules and regulations are not followed. These provisions may also defer, delay or discourage a potential acquirer from conducting a solicitation of proxies to elect the acquirer's own slate of directors or otherwise attempting to obtain control of the Corporation.

Exclusive Forum

Our Amended and Restated By-Laws provide that, unless we consent in writing in advance to the selection of an alternative forum, the Circuit or Superior Courts of Elkhart County, State of Indiana, or the United States District Court in the Northern District of Indiana in a case of pendent jurisdiction, shall be the sole and exclusive forum for (i) any derivative action or proceeding brought on behalf of the Corporation, (ii) any action asserting a claim for breach of fiduciary duty owed by any director, officer, employee, or agent of the Corporation to the Corporation or the Corporation's shareholders, (iii) any action asserting a claim arising pursuant to any provision of the Act, the Corporation's Articles, or the By-Laws, or (iv) any action asserting a claim governed by the internal affairs doctrine, in each case subject to such court having personal jurisdiction over the indispensable parties named as defendants therein. The choice of forum provision may limit a shareholder's ability to bring a claim in a judicial forum that it finds favorable for disputes with us or our directors, officers or other employees, which may discourage lawsuits with respect to such claims. However, it is possible that a court could rule that the provision is unenforceable or inapplicable.

Corporate Opportunities

The Investor Rights Agreement provides that Champion Holdings and the Sponsors (together, the "Investors") and their affiliates have no duty to offer us an opportunity to participate in business opportunities

[Table of Contents](#)

presented to the Investors or not to engage in business activities or lines of business that may compete with us, and that none of the Investors will be liable to us or our shareholders for breach of any duty by reason of any of those activities unless, in the case of any person who is a director of our Corporation, such business opportunity is expressly offered to such director solely in his or her capacity as an director or board observer of our Corporation.

Listing

Our common stock is listed on the NYSE under the symbol “SKY.”

Transfer Agent and Registrar

The transfer agent and registrar for our common stock is Computershare Trust Company, N.A.

[Table of Contents](#)**PLAN OF DISTRIBUTION**

We are registering common stock, with an aggregate offering price not to exceed \$100,000,000, to be sold by us under a “shelf” registration process. In addition, on behalf of the selling shareholders, we are registering 46,033,375 shares of our common stock for resale, from time to time, by the selling shareholders.

- through agents;
- through purchases by a broker-dealer as principal and resale by the broker-dealer for its account;
- through one or more underwriters on a firm commitment or best-efforts basis;
- in an exchange distribution in accordance with the rules of the applicable exchange;
- in privately negotiated transactions;
- through loans or pledges of our common stock to a broker-dealer who may sell shares of our common stock so loaned or, upon a default, may sell or otherwise transfer the pledged stock;
- a combination of any such methods of sale; or
- any other method permitted pursuant to applicable law and described in an applicable prospectus supplement.

With respect to a particular offering of shares of common stock held by the selling shareholders, to the extent required, an accompanying prospectus supplement or, if appropriate, a post-effective amendment to the registration statement of which this prospectus is part, will be prepared and will set forth the following information:

- the name or names of any underwriters, dealers or agents and the amounts of securities underwritten or purchased by each of them;
- the public offering price of the securities and the proceeds to us and/or to the selling shareholders, as the case may be, and any discounts, commissions or concessions allowed or reallowed or paid to dealers; and
- information about the selling shareholders, including the relationship between the selling shareholders and us.

Table of Contents

Any public offering price and any discounts or concessions allowed or reallocated or paid to dealers may be changed from time to time.

We and/or the selling shareholders may effect the distribution of the common stock from time to time in one or more transactions either:

- at a fixed price or prices, which may be changed from time to time;
- at market prices prevailing at the time of sale;
- at prices relating to the prevailing market prices; or
- at negotiated prices.

The selling shareholders may act independently of us in making decisions with respect to the timing, manner and size of each of their sales.

Offers to purchase common stock may be solicited directly by us and the sale thereof may be made by us directly to institutional investors or others. In such a case, no underwriters or agents would be involved. We may use electronic media, including the Internet, to sell offered common stock directly.

If underwriters are used in the sale of any common stock, the common stock will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. The common stock may be either offered to the public through underwriting syndicates represented by managing underwriters, or directly by underwriters. Generally, the underwriters' obligations to purchase the securities will be subject to certain conditions precedent. Depending on the type of offering, the underwriters may be obligated to purchase all of the common stock if they purchase any of the common stock (other than any common stock purchased upon exercise of any over-allotment option).

We or the selling shareholders may offer the common stock covered by this prospectus into an existing trading market on the terms described in the prospectus supplement relating thereto. Underwriters, dealers and agents who participate in any at-the-market offerings will be described in the prospectus supplement relating thereto. To the extent that we make sales through one or more underwriters or agents in at-the-market offerings, we will do so pursuant to the terms of a sales agency financing agreement or other at-the-market offering arrangement between us and the underwriters or agents. If we engage in at-the-market sales pursuant to any such agreement, we will issue and sell our common stock through one or more underwriters or agents, which may act on an agency basis or on a principal basis. During the term of any such agreement, we may sell our common stock on a daily basis in exchange transactions or otherwise as we agree with the underwriters or agents. The agreement will provide that any common stock sold will be sold at prices related to the then-prevailing market prices for our securities. Therefore, exact figures regarding proceeds that will be raised or commissions to be paid cannot be determined at this time. Pursuant to the terms of the agreement, we also may agree to sell, and the relevant underwriters or agents may agree to solicit offers to purchase, blocks of our common stock. The terms of each such agreement will be set forth in more detail in the applicable prospectus supplement.

We or the selling shareholders may sell the common stock through agents from time to time. The prospectus supplement will name any agent involved in the offer or sale of the common stock and any commissions paid to them. Generally, any agent will be acting on a best efforts basis for the period of its appointment.

If we or the selling shareholders utilize a dealer in the sale of the securities in respect of which this prospectus is delivered, we or the selling shareholders, as applicable, may sell those securities to the dealer, as principal. The dealer may then resell those securities to the public at varying prices to be determined by the dealer at the time of resale.

Table of Contents

In effecting sales, broker-dealers or agents engaged by us or the selling shareholders may arrange for other broker-dealers to participate. Broker-dealers or agents may receive commissions, discounts, or concessions from us or the selling shareholders in amounts to be negotiated immediately prior to the sale.

In connection with the sale of the common stock or otherwise, we or the selling shareholders may enter into hedging transactions with broker-dealers, which may in turn engage in short sales of the common stock covered by this prospectus in the course of hedging the positions they assume. We or the selling shareholders may also sell short the common stock covered by this prospectus and deliver the common stock to close out short positions, or loan or pledge the common stock covered by this prospectus to broker-dealers that in turn may sell these securities.

The selling shareholders and any underwriter, broker-dealer, or agent that participates in the distribution of the common stock may be deemed to be an "underwriter" as defined in the Securities Act. Any commissions paid or any discounts or concessions allowed to any such persons, and any profits they receive on resale of the common stock, may be deemed to be underwriting discounts and commissions under the Securities Act. We will identify any underwriters or agents and describe their compensation in a prospectus supplement. Any compensation paid to underwriters, dealers or agents in connection with the offering of the common stock, and any discounts, concessions or commissions allowed by underwriters to participating dealers will be provided in the applicable prospectus supplement.

The aggregate proceeds to us and the selling shareholders from the sale of the common stock will be the purchase price of the common stock less discounts and commissions, if any.

Underwriters or agents may purchase and sell the common stock in the open market. These transactions may include over-allotment, stabilizing transactions, syndicate covering transactions and penalty bids. Over-allotment involves sales in excess of the offering size, which creates a short position. Stabilizing transactions consist of bids or purchases for the purpose of preventing or limiting a decline in the market price of the common stock and are permitted so long as the stabilizing bids do not exceed a specified maximum. Syndicate covering transactions involve the placing of any bid on behalf of the underwriting syndicate or the effecting of any purchase to reduce a short position created in connection with the offering. The underwriters or agents also may impose a penalty bid, which permits them to reclaim selling concessions allowed to syndicate members or certain dealers if they repurchase the common stock in stabilizing or covering transactions. These activities may stabilize, maintain or otherwise affect the market price of the common stock, which may be higher than the price that might otherwise prevail in the open market. These activities, if begun, may be discontinued at any time. These transactions may be effected on any exchange on which the securities are traded, in the over-the-counter market or otherwise.

Our common stock is listed on the NYSE under the symbol "SKY."

Agents, broker-dealers and underwriters may be entitled to indemnification by us and, if applicable, the selling shareholders, against certain civil liabilities, including liabilities under the Securities Act, or to contribution with respect to payments which the agents, broker-dealers or underwriters may be required to make in respect thereof.

Agents, broker-dealers and underwriters or their affiliates may be customers of, engage in transactions with, or perform services for, us or the selling shareholders (or their affiliates) in the ordinary course of business. We and the selling shareholders may also use underwriters or other third parties with whom such selling shareholders have a material relationship. We and the selling shareholders (or their affiliates) will describe the nature of any such relationship in the applicable prospectus supplement.

We and the selling shareholders are subject to the applicable provisions of the Exchange Act and the rules and regulations under the Exchange Act, including Regulation M, which may limit the timing of purchases and sales of any of the securities offered in this prospectus by the selling shareholders and any other person. The

anti-manipulation rules under the Exchange Act may apply to sales of securities in the market and to the actions of the Corporation, the selling shareholders and their respective affiliates.

In order to comply with the securities laws of certain states, if applicable, the common stock must be sold in such jurisdictions only through registered or licensed brokers or dealers. In addition, in certain states the common stock may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available and is complied with.

To the extent required, this prospectus may be amended and/or supplemented from time to time to describe a specific plan of distribution. Instead of selling common stock under this prospectus, we and/or the selling shareholders may sell the common stock offered in compliance with the provisions of Rule 144 or Rule 144A under the Securities Act, if available, or pursuant to other available exemptions from the registration requirements of the Securities Act.
